

# Medicare Advantage Gives Your VA Benefits A Tactical Advantage

Many veterans believe they don't need Medicare. Did you know the VA does **NOT** recommend veterans not get their Medicare benefits? Why?

- VA benefit **is not insurance**, it's a benefit. If you need Medicare later, you will incur lifetime penalties making it cost prohibitive.
- Unless you have a 100% disability or are retired on TriCare, **you don't get dental**.
- If you go to an ER and it turns out it's **NOT life-threatening, VA WILL NOT PAY!**
- Get OTC allowances, health club memberships, chiropractic and more!

Speak with our licensed professionals, **TODAY!**
